Certification	Prerequisites		Target Audience	Maintaining Certification (RCUs)
	Experience	Education		
AEC™	Nil	Preferably SDC™ (or) SMC™ Certified professional	Anyone on a Scrum team	40 Recertification units every 2 years

### Overview

Rapid changes in technology, market demands, and expectations have paved the way for the conceptualization and implementation of Agile methods and values in many organizations. Agile relies on adaptive planning and iterative development and delivery. It focuses primarily on the value of people in getting the job done effectively. (AEC™) Certified Professionals should appreciate the concepts of Agile development and have the ability to compare and choose the Agile methodology appropriate in a given situation.

Applicants will be awarded the Agile Expert Certified (AEC™) certificate by SCRUMstudy after successfully passing the certification exam.

### Audience Profile

This certification is appropriate for anyone interested in getting familiar with the concepts and practices of Agile Project Delivery, and who wants to have a working knowledge of the various Agile methodologies.

### Prerequisites

There is no formal prerequisite for this certification. However, a SDC™ or SMC™ certified professional will be able to easily understand the concepts required for the certification exam. Alternatively, you can attend a 3-day AEC™ classroom training provided by a SCRUMstudy approved Registered Education Provider (R.E.P.)
