Tami King
Technically Speaking, Inc.

Subject: Recommendation for Technically Speaking support

Dear Tami,

Thank you for all of the great support your company provides to Internet Institute USA. Technically Speaking always provides top notch talent for our IT staffing needs. We have used Technically Speaking for technical trainers on our military contracts covering Microsoft, Cisco, CompTIA and other DoD directive 8570.1 topics.

Please feel free to forward my recommendation to others as you need.

Sincerely,

Miles Murdocca, President
